

Praying For Our Community

Join us September 17th as we come together and pray for our City and hear a powerful story of

Perseverance and Purpose ...

An amazing faith journey started three decades ago when a young, gifted athlete found himself paralyzed from the waist down after a freak accident while swimming with his high school buddies. Peter Trabucco says that's when life began. He's been shaping the lives of second graders for the past 17 years at El Montecito School. Peter and Laura, his wife of 25 years, raised beautiful twin daughters, who now play water polo at UC Berkeley and UCSB. An avid photographer, Peter enjoys off-road adventures and recently drove solo from Mexico to Canada.

Find out how Peter faces his challenges head on and today thanks God for his condition. Peter is the real deal.

Take a moment and hear for yourself. It could very well change your life too.
